## ABOUT RAQUEL

Raquel teaches players of all levels how to improve their golf games. She enjoys walking a beginner through the basics of the golf swing or teaching a seasoned player how to fine-tune their swing. She especially appreciates the opportunity to teach a player all aspects of the game, including full swing, pitching, chipping, bunker, putting, rules, etiquette, and finally, on-course play.

Whether your goal is to fine-tune your swing or learn the whole game, Raquel would love to help you advance to the next level!

Outside of golf Raquel loves being a wife and mother to her young family. Her hobbies include golfing, hiking, traveling, pickleball, and playing the piano. Raquel is a member at North Park Baptist Church where she is often found teaching the 2- and 3-year-old kids. Raquel is originally from Grand Haven and loves to visit Lake Michigan when she can!

Contact Raquel for individual lessons, group clinics, or for any other golf instruction needs!
